JASON H. NIELSON, M.D.
PEDIATRIC & ADOLESCENT SPORTS MEDICINE

August 9, 2011

To Whom It May Concern:

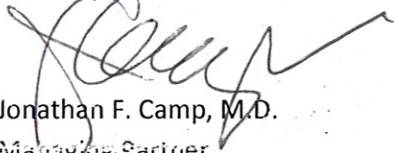

We have used Boyd Martin Construction on two major renovations for our practice. We developed a physical therapy department in 2008 on our second floor. In 2011, we remodeled an area on the first floor of our building which consisted of two exam rooms and a two man business office.

Boyd Martin Construction was timely and efficient. We were able to remain within budget due to their careful planning and elocution. Staff and subcontractors were professional, listened to our questions, and complied with our requests.

We would readily recommend this company. We are considering them for two new construction projects in the future; one at the end of 2011 and the other at the beginning of 2012.

Should you have any questions, please do not hesitate to contact our office.

Sincerely yours,

Jonathan F. Camp, M.D.
Managing Partner
