To Whom It May Concern:

On behalf of Nobel Learning Communities, Inc. I would like to let you know how pleased we have been with our relationship with Boyd Martin Construction, LLC. Boyd and his team were responsible for the construction and project management of the recent expansion of our Southern Highlands Preparatory School in Las Vegas. The project which was completed this summer consisted of having a new classroom building built on our campus. The project which had a very tight schedule was completed on time and on budget.

Based on the success of this project, NLCI is pleased to have the Boyd Martin team as our development partner in the Las Vegas market. If I can provide you with any further information, please feel free to contact me at (484) 947-2032.

Sincerely,
