Re: Recommendation of Boyd Martin Construction, LLC

To Whom It May Concern:

When our law firm purchased an office building shell and required the services of a construction company to perform a build-out, there was only one company that we trusted to perform the job in a professional and efficient manner – Boyd Martin Construction. We had prior experience with Boyd, and did not think twice about retaining him again for this project. He certainly did not disappoint us. His company completed the office space well within the 90 day projection, and the end result was a professional building that we are very proud of. We greatly appreciated Boyd's personal involvement in the project, the great advice he gave regarding design and construction issues, and the efficiency at which he completed the project. To top it off, he finished the project under budget. We could not have asked for anything more.

We recommend Boyd Martin Construction with no hesitation, and we are happy to answer any questions you may have regarding our experience with this company.

Sincerely,

ROYAL JONES MILES DUNKLEY & WILSON

Gregory A. Miles, Esq.
